## **ABOUT MURAL MUSIC & ARTS PROJECT**

The Mural Music & Arts project (“MMAP”) educates, empowers, and inspires youth through participation in the arts. MMAP offers year-round youth development programs, serving the Peninsula and San Francisco. MMAP began in 2001 as the East Palo Alto Mural Art Project, employing local teens to design and create a mural for every school in the local district. MMAP’s murals reflect themes of community, cooperation, equity, justice, environment, and local history. Active community support inspired MMAP to expand and diversify its program to include arts education, Hip Hop music production, and dance. To date, MMAP has served over 681 youth, created 66 murals and produced original music that was written, recorded, and performed by MMAP youth.

## **TEEN MURAL PROGRAM**

This summer, over 30 young people were employed to research, design, paint, and unveil a mural about peace for our community. After six weeks of researching International, National, Regional and Inner Peace, youth designed and composed two stunning murals that envision peace for our community today.
